Project delivery system

Projects
We pay attention to the most complex and high risk projects

People
We develop the skills and capability of people who deliver projects

Process
We oversee the project lifecycle from policy to execution and assurance

The right environment for successful delivery
Electric Vehicle Adoption Journey

This infographic shows Pod Point’s ideas on some of the events that may occur as the % of new car sales which are plug-in vehicles reaches 100%.

Ice = Internal Combustion Engine. This infographic is based on the UK market.
